(1) The measure of dispersion is the asset-weighted standard deviation for annual period gross returns in USD of all portfolios in the composite for the full reporting period. Beginning in 2017, dispersion is not presented for periods with less than 2 accounts in the composite. Prior to 2017, dispersion is not presented for periods with less than 6 accounts in the composite.

(2) The three-year annualized ex-post standard deviation measures the variability of the monthly gross composite returns and the benchmark returns over the preceding 36-month period.

* The net and gross annual returns, calculated in USD, presented for the Brandes Asia Pacific (ex-Japan) Equity Composite were calculated on a time-weighted and asset-weighted, total return basis, including reinvestment of all dividends, interest and income, realized and unrealized gains or losses and are net of brokerage commissions, execution costs, and any applicable foreign withholding taxes, without provision for federal and state income taxes, if any. Cash and cash equivalents are included in performance returns.

Beginning January 1, 2018, Brandes Investment Partners includes Brandes Investment Partners, L.P., Brandes Investment Partners (Europe) Limited, Brandes Investment Partners (Asia) Pte Ltd. and the Brandes Investment Partners & Co. assets sub-advised by Brandes Investment Partners, L.P. For the period from 1/1/06-12/31/17 the SMA Division of Brandes was excluded from the GIPS firm definition. The firm was redefined to reflect the dissolution of the SMA Division and the firm bringing those former SMA Division assets into compliance with the GIPS Standards.

This composite was created in 1997. The inception date is 12/31/1996.

The Brandes Asia Pacific (ex-Japan) Equity Composite seeks to achieve long-term capital appreciation by investing primarily in equity securities of Asian issuers other than Japanese issuers, as well as issuers from Australia and New Zealand. There is no limitation on the market capitalization of the issuers in which the composite may invest. Emerging markets securities pose greater liquidity risks and other risks than securities of companies located in developed countries and traded in more established markets.

Through September 2019 composite performance after management fee returns were determined by reducing the gross of fee returns monthly by the highest applicable fee schedule per account. As of October 2019, actual fees are used with the exception of select portfolios to which the applicable fee schedule was applied for the entire year to better reflect our typical management fees. For periods where actual fees were used to calculate the net return, a model fee representing the standard fee schedule is applied to any non-fee paying accounts included in the composite.

Standard fee schedule - First $25 million 0.95%; Next $25 million 0.90%; Amounts over $50 million 0.80%. Brandes' investment advisory fees are detailed in Part 2A of its Form ADV.

Brandes claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Brandes has been independently verified for the annual periods 1995 through 2024.

A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Asia Pacific (ex-Japan) Equity Composite has had a performance examination for the periods since inception through year end 2024. The verification and performance examination reports are available upon request.

A list of composite and limited distribution pooled fund descriptions, a list of broad distribution pooled funds, and policies for valuing investments, calculating performance, and preparing GIPS Reports, are available upon request.
