- Fund Objective:** Long-term capital appreciation by investing primarily in equity and equity related securities of issuers carrying out their activities predominantly in Europe. Suitable for retail investors with a long-term investment horizon (5 years or more) who can tolerate high levels of volatility and the risk of significant capital loss.
- Investment Approach:** Brandes Investment Partners is a bottom-up, value-oriented global equity and fixed income manager. Brandes believes that a strategy of buying businesses at a discount to the firm's estimate of their true value has the potential to produce competitive long-term results. The sub-fund is considered to be actively managed in reference to the MSCI Europe Index by virtue of the fact that it uses the MSCI Europe Index for performance comparison purposes.
